Heats Invert

- 1 5 cars
- 2 4 per heat
- 3 3 per heat
- 4 2 per heat
- 5 1 per heat

The driver must finish the heat race in order to be eligible for the invert.

All cars that start but do not finish a heat race must be placed in the feature line-up behind all heat finishers.

Drivers who did not start the heat race can be placed behind those who started but did not finish a heat, and any drivers disqualified from a heat race may be placed behind any heat race DNF cars.

The driver must finish the heat race in order to be eligible for the invert.

All cars that start but do not finish a heat race must be placed in the feature line-up behind all heat finishers.

Drivers who did not start the heat race can be placed behind those who started but did not finish a heat, and any drivers disqualified from a heat race may be placed behind any heat race DNF cars.

# Heats	Invert
1	5 cars
2	4 per heat
3	3 per heat
4	2 per heat
5	1 per heat

The driver must finish the heat race in order to be eligible for the invert.

All cars that start but do not finish a heat race must be placed in the feature line-up behind all heat finishers.

Drivers who did not start the heat race can be placed behind those who started but did not finish a heat, and any drivers disqualified from a heat race may be placed behind any heat race DNF cars.

The driver must finish the heat race in order to be eligible for the invert.

All cars that start but do not finish a heat race must be placed in the feature line-up behind all heat finishers.

Drivers who did not start the heat race can be placed behind those who started but did not finish a heat, and any drivers disqualified from a heat race may be placed behind any heat race DNF cars.
